

ILJA TRIANTAFYLLIDIS DESIGNER

Concept-driven visual designer working across branding, interactive storytelling, web experiences, 3D, and motion.

Education

* Communication & Multimedia Design — 2 years
* Applied Visual Arts — 6 years

WHO IS THIS GUY?

Hey! I'm Ilja, a Communication & Multimedia Design student from Belgium. I create visual work based on concept, stories, and research. I'm now looking for a creative studio internship where I can contribute to visual concepts, digital design, branding, and storytelling while growing through real studio projects.

* Branding & Visual Identity
* Typography & Layout
* UX/UI Design
* Concept Development
* 3D Modeling & Animation

Working with: Adobe Suite, Figma, Blender

SELECTED WORK

PROJECTS

An interactive platform that encourages students to explore and rediscover the university library's special collections.

UI / Visual Design

A scrollytelling experience about local mining history, turning archival information into an engaging visual narrative.

Concept Development / Storytelling

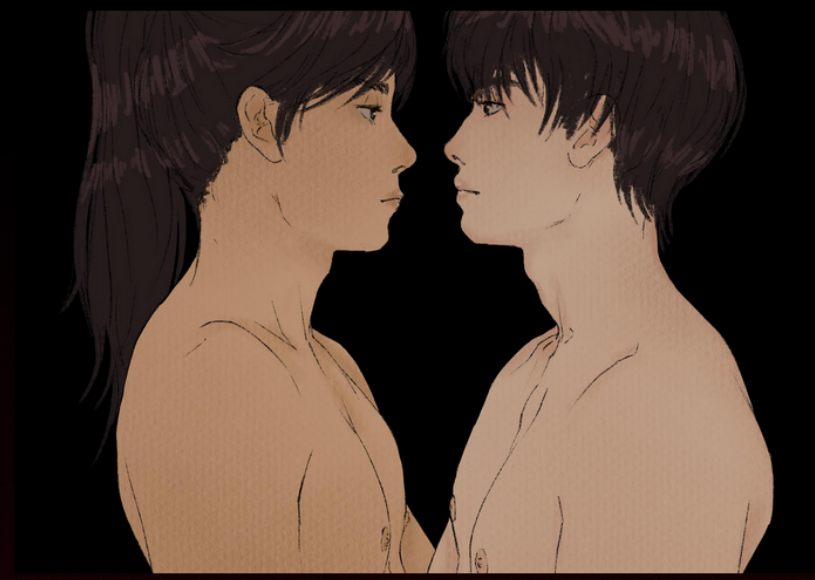

Live background visuals for the techno artist Gogo.

Live Visuals / Visual Design
